BANKING SERVICES

BANKING SERVICES

Efficient banking services allow your financial transactions, which are vital to Companies operations. Therefore it is worth spending time considering which bank offers the right suite of services for your business needs.

First Offshore Management Consultancy provides a full support service, which includes scheduling appointments with the Manager of your selected Bank and collating required documents to make opening your account as convenience as possible.

CORPORATE BANK ACCOUNTS.

We have been providing corporate banking solutions for the past 14 years. Sharing common values with banks throughout The UAE allows us to understand what is required, which vastly reduces the time scale when opening a bank account.

PERSONAL BANK ACCOUNTS.

Should you decide to open a personal bank account and credit or debit card facility along side your corporate account, First Offshore will give you all the help and guidance that you need.

PRIVATE BANKING AND VIP SERVICES

Private personal banking or private family accounts can be opened through select banks. This type of account would be classified as VIP account.

REQUIREMENTS:

You may not realize but each Bank has its own requirements for opening account. You will be pleased to learn that First Offshore has a proprietary database of all necessary requirements and procedures from most Banks operating in the UAE to help you conclude your bank applications.

INTERNATIONAL BANKS:

Should you choose to opt for one of the more globally recognized Banks, you can select from those that operate within the UAE as well as those that are abroad.

LOCAL BANKS:

Opening your Bank Account with Local Banks in the UAE is not always straightforward and takes approximately 14 working days. Each bank provides a suite of corporate services and facilities.
